

Joyanta Chakraborty

PRINCIPAL MINING ENGINEER

Bachelor of Engineering (Mining),
Bengal Engineering Collage (Deemed University), Shibpur, India

- 2002

OVERVIEW

Joyanta has over 18 years of experience in open cut coal mine planning and operation. He has worked with Indian private coal companies such as Integrated Coal Mining Ltd (ICML) and Electrosteel Castings Ltd (ESCL) in the planning department and has worked closely with Norwest Corporation Inc of USA as a consultant.

Since 2006 he has worked mainly as a site manager in-charge of Indonesian coal mining companies PT Core Mineral Indonesia and PT Bara Indah Lestari both have operations on Sumatra Island. He entirely looked after all direct or indirect activities related to an open cut coal mine including monthly budget preparation as well as controlling project costs. His computer skills mainly include AutoCAD, SurvCADD and MINEX.
